

someplace else brewery

Located just outside Denver, CO, SomePlace Else Brewery is an oasis for beer lovers, pinball wizards, skeeballers and dogs. Celebrate your inner “nerdy” side with a not-so-subtle nod to the 80’s, Star Wars, Star Trek and all things geeky.

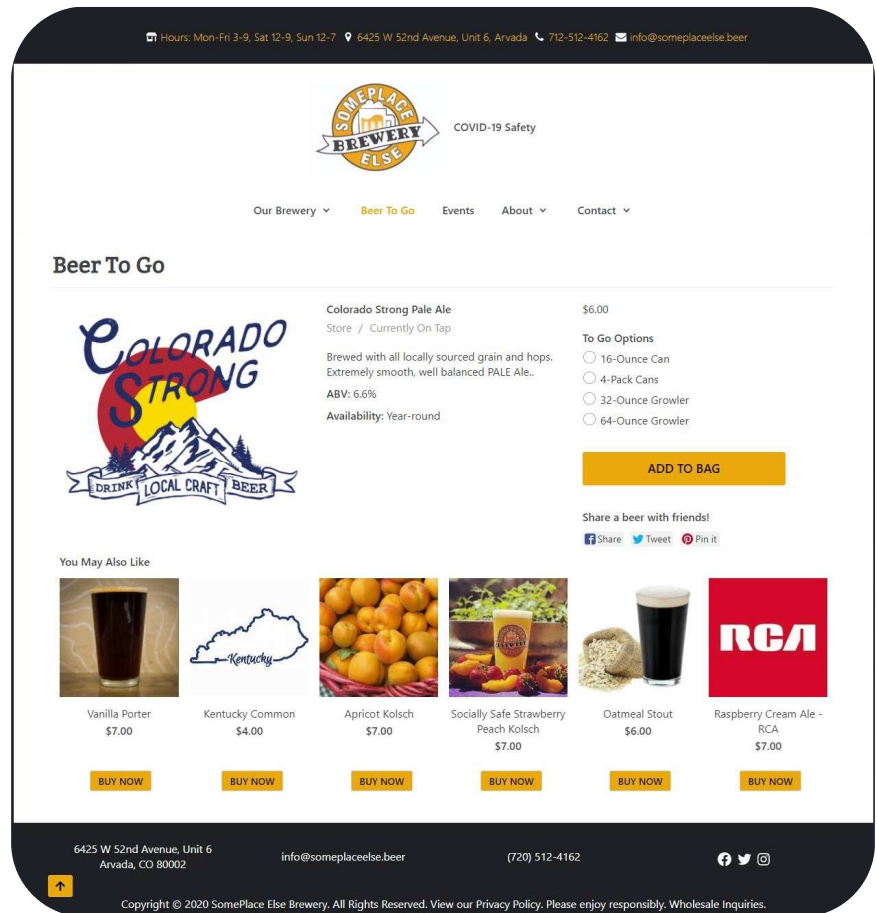

“We wanted to provide our customers with a best-in-class, digital experience. Market Your Craft responded with a shopping site to help capture sales during COVID-19.”

- Tori Miller, Owner

Owners Tori Miller and Ryan Parker opened **SomePlace Else Brewery** in 2016 with the goal of sharing their passions – craft beer and pinball – with the local community. We were excited to consolidate their website and app into a single online shopping experience while introducing a contemporary, easy-to-update website catered to today’s mobile customer.

Project Scope

- Website: hosting setup, design, copywriting, video, buildout
- Integration: search engine optimization, social sharing/syndication
- Online shopping: Ecwid Ecommerce and delivery/pickup options
